## THE DREAM LAND

*The dreamland is a realm of the supernatural. Your body is not involved in your dreamland but your soul.*

*Many people believe that a dream ONLY reflects your day to day activities but that is not all about dreams.*

*Your dreams can give you information from God or even from Satan.*

*A brother once prayed on the issue of marriage, he wanted to know whether it was ripe for him to get married. He had a dream that he plucked an almost ripe mango fruit and he woke up with a sure word - 'tarry a little', he understood that he needed to be more patient on the issue.*

**GEN. 37:5 And Joseph dreamt a dream and he told it to his brethren and they hated him yet the more.**

*You see it was through Joseph's dream that his brothers knew that he was going to be great, even greater than them. He told them to his brothers out of love BUT for the mercy of God over Joseph, his dreams would have been shattered. His brothers would have wasted him and aborted his mission on earth.*

*There are three groups of people. The natural man, the carnal man and the spiritual man.*

**The natural man**- *Anyone that is yet to know and embrace the gospel truth of salvation, anyone who is yet to be born again has the mind of Adam or the mind of a sinner man.*

*Now, the dreams of a natural man are being controlled by Satan under whom darkness reigns supreme. The life of every natural man is in the hands of Satan, he can do anything he likes with such life or lives both physically and spiritually. No matter who they are, they are slaves and victims to Satan and to satanic hosts.*

*Some natural men forget their dreams, some don't but even when they remember, they cannot resist Satan. They only run from pillar to post looking for help; they always end up frustrated because JESUS IS THE ONLY TRUE DELIVERER and they know HIM not.*

*In fact their dreamland is like a public dustbin placed in the market square - men, women, boys and girls can throw anything there nobody complains. Witches, wizards, all cultic powers are allowed to come into the dreamland of a natural man to mess up his earthly mission.*

*Salvation is the first step of walking in your reason for living; if you resist salvation, you are the worst enemy of your life because you have decided to take refuge under darkness and death.*

*All bad dreams originate from darkness. They give these negative information to their victims before they bring out their manifestoes when the bad dreams are neglected. Are you a natural man? Not born of God? Still under the curse of law and bondage of sin? I have good news for you-cry unto Jesus today, give Him your life and have a changed life, get born again. My dear, there shall be a divine relocation from the kingdom of darkness INTO the kingdom of light.*

### **THE CARNAL MAN.**

*A carnal man is born a born again child of God, who never grew beyond conversion; though he is born again but his mind is not renewed. He lives according to the desires of his flesh and his decisions are always after the manner of the world system. The thought line of carnal Christians is "seeing is believing" just like Thomas in the bible, he never renewed his mind by the word else flesh cannot be crucified. He lives at the mercy of his passions, the appetites and the desires of his flesh. On the issue of the carnal mind, get my book THE VOICE OF PURPOSE. Now, the dreamland of a carnal Christian is just the same as the dreamland of a natural mind why? A lot of satanic holds are broken at conversion the enemy will compulsorily allow you to go to, the satanic works are dealt with at conversion. If you refused to go to work on your Christian life, learn about this new kingdom you have just identified with, Satan will frustrate you back to your former life. That is why I also believe that salvation is not forever. You need to understand where you are coming from and where you are going, you need to learn and understand the principles of this kingdom. You need to understand your new identity.*

### **THE SPIRITUAL MAN**

*This is the third group of people. They have worked on their flesh as Christians, they renew their mind daily by the word. They have the mind of Christ. Spiritual men think positive, they imagine positive, they picture positive in their mind and so they reign in the realm of positives. Their dream land is secure by God and the only information that permitted to cross into their dream land is information from the throne of God.*

### **GATES AND DREAMS.**

*Remember, a gate is the entrance to a place, life or thing. There are gates to every dream land.*

*Whatever happens in your dreams has nothing to do with coincidence. It could be psychological or spiritual but has meanings related to the life of the dreamer.*

*The gates of the dream lands of natural and carnal men are free for any force to cross, they are always opened and there is nothing for Satan and his agents to fear; they come in and go out when they like, they mess up the dreamer's life easily.*

*Some satanic agents may come into the dreamer's life and cage them up, they build altars and release evil into the lives of their victims.*

*Some are fed in their dreams with strange foods which will turn to challenges in their lives.*

*In 2004, a sister dreamt that someone commanded her to swallow a particular seed in her dream and she did, since then her stomach as been paining her. She got married no child. Medical help proved abortive. Recently the Lord delivered her and she vomited a dead centipede! There are satanic initiations and covenants done in the dream land.*
